Fee included \$ _____

READ THIS CAREFULLY BEFORE SIGNING

I understand that kayaking is an inherently dangerous activity and that kayaking on Lake Superior substantially increases the risks and dangers involved.

I nonetheless wish to participate in this 17 mile/10 mile(circle one) kayak race on Lake Superior. I understand that I will be in remote areas for extended periods of time where I may be unable to leave the water due to high cliffs and will be far from communications, transportation, and medical facilities. I recognize that race organizers, specifically the Munising Lions Club, cannot eliminate or control all potential hazards or act to guarantee my safety. I believe my skill and fitness level to be appropriate for the length and difficulty of this event. I am familiar with the rules established for this event and agree to abide by them, including especially the required safety equipment.

I therefore agree to assume the complete risk of injury which I might sustain in participating in this event. I specifically agree to indemnify and hold harmless the Munising Lions Club and the National Park Service against all injury or damage suffered during or in connection with this event.

I HAVE READ AND UNDERSTAND THIS RELEASE
